Customer Return Authorization Form

All returns require a Return Authorization Number. This page will help you obtain a RA Number from Best Buy Uniforms using the invoice emailed to you or the packing list you received with your order.

1. Please enter your invoice number or the PO # listed on your packing slip in the "Order Number" Field.
2. Enter the reason for the return.
3. Enter the email address where you would like the return authorization information sent to. If you do not have your invoice or packing list, please use 6-digit order confirmation # emailed to you. (example: 020002)

All requests for returns must be made within 15 days of the invoice date. All shipping costs are the responsibility of the returnee. The RA Number is only valid for 30 days

There is a 20% restocking fee on all returned orders. All custom, embroidered, screen printed, altered or washed items, table linens and skirting, non-stocked (Factory Direct) garments, and promotional products are NOT returnable or exchangeable.

Most "Special Order" items are not returnable. Absolutely no returns will be credited without an authorized return number (RA #) issued by Best Buy Uniforms & Promos.

If you have any questions, please review our return policy or contact customer service.
